<td>Social Media &amp; Legal Alumni – Best practices, tips and tricks</td>
<td>Social Media is moving at a rapid pace every day. Keeping tabs on what’s changing, what’s working… and what’s not is critical for any business. The responsibility of keeping an active social media presence is critical in today’s world, but navigating how to implement a successful social media strategy for law firm alumni can be tricky. This presentation is meant to deliver best practices and tips for firms on how they can best use social media to strengthen their alumni efforts, including data collection, event planning and general updates.</td>
<td>Blake Neiman, Fred Zimowski</td>

<tr>
<td>Technology in Legal Alumni Programs – What is the ROI?</td>
<td>Most firms have either been using technology in one way or another as part of their alumni relations strategy, or are considering adopting it. The question becomes how you use technology to measure the return on investment of your alumni program and what are the costs associated with not having an alumni program. This presentation will look at ways different vendors have leveraged their alumni platforms and how each can help determine the ROI of an existing alumni program. This will cover integration with CRM systems, alumni site vs. alumni groups as well as information on a corporate alumni ROI calculator among others.</td>
