NALP Solo and Small CSO Section

Quarterly Report to the Board of Directors
July 1, 2010
Submitted by Holly Brajcich, Gonzaga University School of Law, Chair

This section had numerous conference calls with the NALP Liaison, Section Chair, Vice Chairs and Past Committee Head regarding the Federal Agency Resource Project. In lieu of an all section conference call, the Section officers conference with those agreeing to volunteer on this project. Please see result below.

Conference Programs, Articles and Work Groups

Federal Agency Resource Project

Due to some initial confusion when this project began, those committee members volunteering to contact the agencies were under the impression that this resource could be shared solely among those that participated in collecting the information. Recently, the section learned that all NALP projects must be shared with the entire NALP community. As a result, all volunteers were contacted to discuss whether or not we continue this project via the Section or we treat it as a separate project between those participating. It was determined by the majority to continue this project under the NALP policy since we have all personally benefitted from the resources provided by other NALP sections. Those volunteers not wishing to go forward will have the option to remove themselves from future participation but will have access to the resource as a NALP member. Now that the decision has been made, work on the project will begin next week.

Membership Increase

Margann Bennett and Holly Brajcich will determine which CSOs have not joined the section. We will contact them to make sure they know of the opportunity.

Shared Resources

Section members and more will be reminded to update the shared resource pool. Upon the increase in membership, new members will be asked to share resources also.
